Feb 3 1978

Dear Josh:

Either my academic antenna  
is on the fritz or I haven't  
been listening in.

I just got Science today -  
somewhat delayed because of  
of Chicago being snow-bound -  
and caught up with the  
great news about you and  
Rockefeller Univ.

Congratulations to both  
of you. It will be a superb  
combination and will be  
watching with great interest  
All the best

S. Beadle
